**DUNSTABLE – BEDFORD – COVENTRY – YEOVIL – GRAYS  
SOUTHAMPTON – ASHFORD**

Established in 1988 we have worked tirelessly and diligently within the haulage industry providing a wide variety of services to a range of clients throughout the UK.

Axle Haulage provide a cost effective, efficient service for the movement of plant, machinery and construction materials and more on an international, national, regional and local basis. We offer one of the most complete services in the industry.

We have worked hard to become Crossrail compliant, move our fleet to be Euro 6 compliant and reducing our emissions where possible to become more sustainable and cut costs.

We have reached the accreditation of Gold FORS aiding us to stay ahead of changing regulations. Our drivers conform to ALLMI, undergo rigorous and continuous training for schemes such as Crossrail, Personal track Safety, ICI and Safe Urban Driving. This ensures our drivers are of the highest quality and can safely carry out any work you require.

Axle Haulage have heavily invested in having the highest quality equipment to ensure we can fulfill all of our customer requirements. We have also equipped the latest tracking technology for our vehicles. This is so our highly experienced transport and planning team can manage our vehicles in the most efficient way while keeping you as up to date as possible.

Within this brochure, please find the information about the different services that we provide, the types of vehicles we have available and how we can be a benefit to the projects you're planning or currently working on..
